ABOUT ME

Creative and detail-oriented BCA student with a deep interest in UI/UX design and user-centered digital strategies. Skilled in transforming complex requirements into clean wireframes, interactive prototypes, and visually compelling web applications. Well-versed in modern design methodologies, typography rules, color theory, and responsive frontend structures. A passionate problem solver driven to bridge the gap between aesthetics and performance.

PROJECTS

GreenBite – Food Delivery & Nutrition Platform

Academic & Design Project | React.js, Node.js

- Conducted thoroughly mapped competitive analysis to design a clear, minimal cognitive-load user interface tailored for fast navigation.
- Engineered highly responsive modular components using React.js, optimizing continuous element alignment across smart viewports.
- Architected interactive motion micro-transitions and fluid multi-step user navigation flows that reduced drop-off rates during order simulations.
- Applied strict structural whitespace rules, custom font matrices, and visual design assets for a beautiful grid presentation.

TeeCollection – E-Commerce Apparel Platform

Academic & Design Project | Angular, Node.js, Bootstrap

- Designed the end-to-end shopping user journey map, moving from clean dynamic home layout categories straight to secure interactive checkouts.
- Formulated unified visual guidelines integrating a balanced product grid matrix, color branding palettes, and standard text scaling.
- Implemented semantic and cross-device compatible interactive modules using custom styling rules in Angular and Bootstrap frameworks.
- Conducted rapid interactive code testing to ensure fast screen-rendering performance under variable internet conditions.

ACADEMIC HIGHLIGHTS

- Actively engaged in technical workshops covering modern frontend standards and scalable user patterns.
- Successfully completed hands-on capstone programming tracks during full-time BCA coursework curriculum.

SKILLS

UI/UX Disciplines

User Flow Creation, Responsive Layouts, Design Thinking, Visual Hierarchy, Digital Wireframing, High-Fidelity Prototyping.

Design Tools

Figma, Canva, Adobe Creative Assets.

Frontend & Technical

React.js, Angular, Node.js, Bootstrap, HTML5, CSS3, JavaScript, VS Code.

Version Control

Git, GitHub Desktop.

Soft Skills

Creative Thinking, Effective Presentation, Core Team Collaboration, Time Management.

EDUCATION

Bachelor of Computer Applications (BCA)

Atmanand Saraswati Science College
Veer Narmad South Gujarat University (VNSGU)

Duration: 2023 – 2026

CGPA: 7.82 (SEM - 5)

INTERESTS

Web Aesthetics, Interface Micro-interactions, Emerging Technology Systems, Typography Exploration.
